

I Can Be A Desperation To an Artist
As an Older Man.

By Jeff Davies

Caring- if you meet my standards.
Compassionate- in tone of voice.
Lively- in the early morning.
lovely- in certain circumstances of light.
They- all those stupid, shallow men.
Still- after all these hard years.
Stop- (such power a woman can have.)
And stare.- I love to feel it.
Russian- I brought my paranoia, with my Borscht.
Jewish- I do not know Allen Ginsberg.
Film researcher- of suitably obscure things.
professor- at this time, Manque.
Yoga teacher- you should see this nude, in the moonlite.
from Montreal- by way of Moscow marriage to violence.
43- which means forty-three years of stubbornness.
5'-8''- long legs-watch out for your head.
seeks- you probably wont pass the interview.
a soulmate- to join me in Hell, partner.
with the wisdom- I keep a ghostlover in the closet.
to fuse- shall I light this fuse, and explode you?
simplicity- I detest crowded supermarkets.
with sophistication- Hey, I read The New Yorker.
Gentleness- unless you have bad habits
with inner strength- finally, at 43, I smoked pot.
physicality- can you be as firm as a yoga teacher, no.
with inner strength- yeah, my mind's made up, look out!
